Parents Testimonials

Hello Everyone

I Shalini Singh mother of Shanaya. Learning yard international pre school is very good education institute where our kids are educated with fun loving activities, where they know how to capture the hindered qualities in them.

Learning Yards provided the much required environment to our child in which she came to know to grow in a similar group. Most important are the Teachers who have always cared our child more than we expected. Through Summer Camps the teachers enabled our child to learn and grab various extracurricular activities at very very early age and the good thing about that was the children responded extraordinarily. Thanks to the Torch Bearers.

Lot of thanks to Leaning Yards and warm wishes for Extremely Good Progress in upcoming years.

Hello Everyone

I Aarti Antil mother of Maanvik. It was first time I was enrolling my son in school, so I was nervous. Since from here the base of his education will be created. I did a lot of research on where shall I enrol him. Then, I got to know about The Learning Yard. The most satisfactory part about this school was it is a branch of Rishikul Vidyapeeth from where I studied. I gained half of the confidence and rest half was provided by the staff at Learning Yard. They are so incredible that they soon made us comfortable. My son is excited every morning about going to school. He is becoming more social which was somewhere lost because of Corona. I am thankful to have discovered and highly recommend this school.

Thanks
